

David Bendall

Managing Director, Maritrade

Director, ICHCA Australia

Former Chairman, ICHCA International

MariTrade

Established in 1982 to provide ship and port investment analysis and market research for the maritime industry, MariTrade now provides international air and sea freight statistics to airlines, ports, airports and shipping companies. The consulting arm specialises in port and shipping investment advice. MariTrade established a fast ferry service in the UK and is actively promoting investment in Australian coastal shipping.

David Bendall

David is the managing director of MariTrade following a seagoing career, financial and general management experience in coastal and international ship investment and management. Prior to founding MariTrade, David was the executive director of the Australian Shippers Council and has been involved in international trade and transport throughout his career.
