

Sallie Strang MSc (Computing Science) BSc

Data Base & Communications Coordinator, ICHCA Australia Ltd

Sallie Strang has experience in all areas of freight handling, particularly freight projects, both nationally and internationally. She has been involved in the systems analysis, development and implementation of E-commerce applications for the logistics and customs clearance arenas. These applications have been built using Oracle and the capabilities of web browsers, allowing seamless transmission of information to and from remote locations in the world.

Sallie has also had experience in Houston and Perth being involved with the implementation of logistics and procurement software for Woodside Petroleum's Goodwyn "A" gas project.

Professional qualifications and awards include

- Master of Science (Computing Science),
- Bachelor of Science
- Lloyd's List DCN Australian Shipping and Transport Awards 2001: "Initiatives in E-Commerce" for the development of a Global Logistics Management System.
